

JOHNSON STILL KING OF HEAVIES

So Says Frank Kramer, Champion Bicycle Rider of the World.

London, April 18.—Frank Kramer, fresh from his recent victories on European bicycle tracks, called to-day on the Marstonia for New York. Kramer's latest achievement was to annex the first prize at the annual Easter Sunday Grand Prix bicycle race in Paris. The distance is 1,600 metres, and the field of competitors numbered more than 500 crack riders. The perpetual champion (he has held the world's championship for fifteen years) is looking very fit. He says he expects to continue riding spring races until he is fifty if the race promoters continue to desire his services.

Speaking of prize fighting, Kramer said the reports of Jack Johnson's deterioration were ridiculous. "Johnson is still the world's greatest fighter," he declared, "and he will prove it shortly. I saw a good deal of Johnson in Paris, and I know that he is anything but down and out. Even the staunchest admirers of Carpenter believe that the Frenchman would last one round with Johnson. As a matter of fact, I have it on good authority that the champion will presently come out with a proposition to meet Carpenter and any other man in the world in the same ring on the same night."

H. H. Baker, better known as "Snowy Baker," the Australian fight promoter, was also a passenger on the Marstonia. He expects to sign several American fighters of various classes to go to Australia for another "round robin," a pugilistic contest such as McIntosh put on several years ago.

DEEP RUN HUNT CLOSES SEASON

The last hunt of the season by the Deep Run Hunt was held yesterday. The start being at the viaduct at 4 o'clock. Quite a large field of riders fell in line as the dogs were led off for the first cast, which was in Monument Annex, and lay through Patterson's to Shafter's, then along Kissling lane to a check at Cary Street Road. The dogs were next cast in just south of Cary Street Bridge, and it was a very fast pace that they set for the riders to follow. Leaving the bridge, the course lay through Sunnyside to Bull's, where a good, stiff plank fence greeted all thence to Windsor, to a check at William's gate. Leaving William's gate, the dogs were thrown in at Woodlawn, and it was a beautiful sight that the large gallery of motorists saw, as the hounds raced through Woodlawn, followed by the pink-coated riders. Leaving Woodlawn, the course lay through Shiloh to Patterson Avenue, to Adams, then along to Butler's, to a check at West Wood Lane. The dogs were next cast in Colonel Hall's and led to a finish over the jumps at the Country Club.

The features of the hunt were the exceptional jumping of all the horses, especially of Her Grace, who was piloted by Miss Creshaw. The hunt yesterday marked the finish of the most successful season ever held by the Deep Run Hunt. Those riding: W. O. Young, M. P. H. St. Patrick, Harry Beattie, Jr., whip, Iron Prince.

Bryant, the local pitcher, allowed only six scattered hits, while his teammates scored five runs in the first inning and ten in the eighth. T. Montague, Technology second baseman, made four hits in as many times at bat.

TEN THOUSAND SEE OPENING RACES

Hayre de Grace Race-Track, Md., April 18.—Ten thousand persons attended Hayre de Grace this afternoon to welcome the return of King Horse to Eastern racing for 1914. Twenty-nine bookmakers were on the line, and an opening day and the additional fact that the line on the horse was a matter of conjecture, the play was unusually heavy.

Hugh Penny, three-year-old Old Fathom, excellently ridden by American premier jockey, Messenger McTaggart, got up in the final strides to capture the \$3,000 Hartford handicap from the outsider, Robert Bradle. The

FIFTY SCHOOLS TO ENTER RACES

Interscholastic Meet at Washington and Lee Promises to Be Big Event.

Lexington, Va., April 18.—By the time the entries for Washington and Lee interscholastic track and field games, to be held on Wilson Field next Saturday, close to-morrow night it is confidently expected by Dr. John W. H. Pollard, faculty director of athletics, and W. G. Landon, track manager, that fifty schools will have signified their intention of competing. The entries already received number thirteen, which is more than twice as many as were received in 1913, when the first meet of this kind was held. These games were made possible by the generosity of the members of the Washington and Lee Alumni Association, Inc. Next week's meet will be financed by the Birmingham, Ala., alumni. It is not likely that the generous Southerners will not have to dig very deep into their pockets to meet a deficit, as tremendous interest is being taken in the games, and they are at least likely to be self-supporting.

The entry list reflects the widespread interest in next week's meet. Teams that will compete come from as far west as Wisconsin, as far north as New York, and as far south as Alabama. Brooklyn Poly Prep, which won the point trophy last year, will again be in the race. The field, and the Asheville School, of Asheville, N. C., which carried off the honors in the relay, will endeavor to maintain its supremacy in that event. Two new features on the program that will attract the largest crowds are the race for Rockbridge County, Va., schools, and the relay race for military schools.

Officials for the meet will be experienced and competent. Dr. Henry L. Smith, of Washington, will be referee. Dan Mahoney, a famous track man at Holy Cross, will be the starter, and Dr. John W. H. Pollard, president of the South Atlantic Interscholastic Association, will be the clerk of the course.

The entries thus far received are as follows:

LOCAL BOWLERS TRY FOR HONORS

Leave for Atlantic City to Take Part in National Bowling Tourney.

The Richmond bowling team, composed of Whit Whitman, captain; W. E. Spilling, "Happy Jake" Rowsey, Hermos McFarland, A. Sutterling, Frank Billey and J. H. Barrow, will leave this city at 12:01 o'clock to-morrow for Atlantic City, where they will participate in the eighth annual bowling tournament of the National Bowling Association.

The five-man team will be composed of Whitman, Spilling, Rowsey, Sutterling and McFarland, while Billey and Barrow will substitute.

In the double events the Richmonders will line up as follows:

Whitman and Spilling; McFarland and Rowsey; Sutterling and Barrow.

All will roll in the single events.

There are 353 five-man teams entered in the tournament, as low as 17th place will participate in the prize money. The same is true of the single events.

From the averages of the individual members of the Richmond team it is believed to be one of the strongest that has represented Richmond in any bowling tournament, and the members are hopeful of returning with honors for themselves and Richmond.

Whit Whitman, captain of the five-man team, was the state bowler in the Baltimore tournament in 1910, and he is expected to win the title as low as 17th place will participate in the prize money. The same is true of the single events.

On the return trip the Richmond bowlers will play a match game with the White Elephants, of Philadelphia, in that city on Thursday of this week, and on Friday they will go against the strong Metropolitan five of Baltimore on the alleys in the Orioles city. Richmond bowlers intended having more than one five-man team in the national tournament, but when it came to the show down it was found that several of the best bowlers in the city could not go because of being unable to leave their business. Among them are Manager Blair, of the Palace Alley; Temple Tox, S. T. Williams, Wade, Bailey and Arrighi.

GEORGE V.'S SOCIAL SEASON IS EARLIER

April Witnesses Many Brilliant Gatherings in Mayfair—Americans to Entertain.

London, April 18.—One of the social signs of the present reign is the earlier commencement of the London season. Formerly it did not begin till May, but this month has witnessed many brilliant gatherings in Mayfair apart from the royal court.

The earlier return of society to town is having a considerable effect on the resorts in the Riviera. The southern season practically ended for English visitors a month earlier than usual, but the loss to the French resorts has been London's gain.

The West End hotels are now remarkably full for this period of the year, and the number of Americans in London just now is much above the average for the period.

American hostesses, who did very little in the way of entertaining last season intend to make up for it this year, and the Duchess of Roxburghe, who was Miss May Goelet, of Newport, is mentioned as one who intends to be specially lavish in hospitality.

West End Gun Club

Twenty-eight men shot in the regular weekly match of the West End Gun Club yesterday afternoon.

Mr. Hunter, the first time out this season, led all the amateurs, and won the shoot. The traps worked well, the weather conditions being fine, and some good scores were made. Gary Sheppard led his class easily, and B. Watt outshot his class.

A. Seddon Jones began the season with a nice score, while Charlie Larus was too busy with his last Saturday's score. He has demonstrated his experience, and will be classed in good company in May.

The new trap over which the extras were shot worked nicely, and the back ground is now a fine green. The extras will enter the regular season, but participated in the extras. The next shoot will take place Saturday, April 25, at 2:30 P. M. The total:

Why Drag Through Life Wearing Worthless Trusses?

90% of the Suffering and Trouble Ruptured People Go Through Is Caused By Spring and Leg-Strap Trusses

Aren't you sick and tired of wearing trusses you can't make hold, which you can't feel safe in, or which hurt so they scare you? A truss never before put in print.

Don't you know that such contraptions will sooner or later let your rupture get the best of you?

Don't you know they are almost sure to rupture you up, you won't be able to keep at work won't be able to make a living?

Aren't you afraid they'll gradually let you get so bad that sooner or later you'll have to face a dangerous operation?

Aren't you willing to make a sixty-day test—without having to risk a cent—and see for yourself what a relief it is to get rid of such misery-causing makeshifts?

No More Belts, Leg-Straps or Springs.

We have found a way to hold any man's rupture without harmful pressure, without any belts or springs around your waist without having to wear leg straps.

It is our guaranteed rupture holder.

It is as big an improvement over elastic and spring trusses and so-called "capitals" as the modern locomotive is over the first steam engine ever built.

60 Days Trial to Prove It.

We have so much faith in it that we have seen what it has done for so many others that we are willing to make one especially for your case and send it to you for sixty days trial. Willing to give you plenty of time to see for yourself just how good it is.

If it doesn't keep your rupture from coming out or bothering you in any way, then you can send it back and it won't cost you a single penny.

It is the only thing we know of for ruptures that you can get on long enough trial to make sure; because the only thing good enough to stand a long and thorough test.

All About It In Free Book.

Don't send any money. Just write for our free book—cloth bound, 20 separate articles, 96 pages—and find out every thing you want to know. It is full of facts never before put in print.

It shows just why operation is nearly always a gamble with death and why those who manage to live through it often have to keep on wearing a truss.

It explains the false and dangerous puts you on guard against being fooled and against throwing money away.

And it tells all about our guaranteed rupture holder—the famous Gude's Automatic Massaging Truss. Shows how simple it is. Why it needs no belt or leg-straps. How it instantly and automatically protects you against every strain, so your rupture can't be forced out. How it provides the only way ever discovered for overcoming the weakness which is the real cause of rupture. How it has brought complete cure in thousands of cases that seemed almost hopeless. How it is water-proof and will hold in the bath. How you can get it on 60 days trial, and how little it costs if you keep it.

Explains the care and attention we give you and why, because of our long experience and thorough knowledge of rupture, we are successful in cases that would utterly baffle your local truss fitters.

Write for the book to-day. That will take only a minute. But it may free you from trouble and worry for the rest of your life.

Of course, if you insist, we'll let you use whiskey and a little Italian Vermouth and call it a "Manhattan," but Cream of Kentucky is too good to insult by much mixing. "THEE" Whiskey has all the flavor anybody needs—you don't have to add anything to make it delicious. The sugar of the grain is in it, and the flavor and bouquet are age-ripened, natural qualities. It is made in the old-fashioned, honest way, and mellowed by long, warm, sleepy years in the wood before bottling.
